Subject: Uber

I have been informed that Uber is no longer able to provide service in South Carolina! I was excited to finally have a safe and convenient service like Uber as an alternative to other unreliable and sketchy taxi companies. I think most of my friends and acquaintances have the same feeling. I also think that Uber will have a positive effect on reducing drinking and driving because more people are willing to use there service over other taxi services versus driving themselves. Please allow Uber to continue providing there service in South Carolina.

Thank you,
Chad Cabaniss

To suspend uber from servicing the greater charleston area is an absolute mistake. Having used Uber in this state and others I can tell you from experience that it is hands down the best and safest service. We find the drivers to be professional, knowledgeable, trustworthy and most importantly safe. In a city with this many restaurants, bars, colleges and events it is imperative to have the uber service. It is fast, extremely efficient and will undoubtedly improve everyones experience in getting around town. I don't want to slam the cab services but there is simply not enough of them. In Mt pleasant we wait on average 30 to 45 minutes for a taxi, uber takes about 10 to get to us. I have also found that the drivers are local folks with good knowledge about our city and are almost ambassador like when speaking about charleston. It is only fair to give the public an option to use whatever service they prefer, but we and many others I know prefer Uber. They meet and exceed all the insurance requirements and is a terrifically run organization. Re instate uber immediately and help them grow. the greater charleston area needs this service badly.

Warm regards and
Uber on!

Thank you South Carolina for realizing the unfair practice that has been taking place.

Uber is unsafe, anyone can pick up an Uber phone and go out to hunt for their prey. I might be approved but my sex offender cousin may not, and God forbids he get my phone while I am asleep. Sorry it was a mistake will not please that victim. Thanks South Carolina for protecting one more citizen...
